module B

I hereby register as **Electronic Artist** / **Sound Artist** / **Multimedia Artist**

_____ (other term if preferred)

for the impuls Academy 2027 and **want to join as regular participant**. As customary with composer participants, three meetings with composition coaches build the basis of the Academy´s program, aside from free access to the discourse programs and the impuls Festival. Just as it is the case with composer participants, applying for several Special Programs is possible of course, where application material is suitable for them and meets their terms and conditions. Needless to say, with module B it is also possible to apply for "Hybrid Music" and "Expanded Music".

I choose:

- Early Payment:** Registration fee € 120,-* + Academy fee € 250,- (total € 370,- / * Registration fee immediately due on acceptance + Academy fee due by September 10th, 2026 at the latest)
- Regular Payment:** Registration fee € 120,-* + € 310,- (total € 430,- / * Registration fee immediately due on acceptance + Academy fee due by November 10th, 2026 at the latest)
- Late Payment:** Registration fee € 120,-* + € 380,- (total € 500,- / * Registration fee immediately due on acceptance + Academy fee due by January 10th, 2027 at the latest)

I am also interested to take part in the following **Special Program(s)**
(please use title(s) as given on homepage / you may also express your interest later on):

PLEASE NOTE that IN ADDITION TO THE **ACADEMY FEE** (three price-categories as mentioned above, depending on when you cover it) the **REGISTRATION FEE* of € 120.-** is due **as soon as you have been accepted as participant** of the impuls Academy 2027. This registration fee is a non-refundable, obligatory fee and **has to be paid right away on acceptance to the Account of impuls:**
